2. Discovering Taiwan/ Pingtung

(1) **Location:** Taiwan lies on the western edge of the Pacific Ocean in an area known as the "rim of fire". It lies off the southeastern coast of Asia, across the Taiwan Strait from mainland China. To the north is Japan, and to the south is the Philippines. Many airlines fly to Taiwan, making it the perfect travel destination.

(2) **Climate:** Taiwan enjoys warm weather all year round. Weather conditions fluctuate during spring and winter, while in summer and autumn the weather is relatively stable. Taiwan is extremely suitable for traveling, as the annual average temperature is a comfortable 22 degrees Celsius (71.6 Fahrenheit) with the lowest temperatures on the lowlands generally ranging from 12 to 17 degrees Celsius (54-63 Fahrenheit). Except for a few mountain areas where some traces of snow can be found during winter, one rarely sees snow in Taiwan. During rainy season (March to May), continuously drizzling rain will sometimes fall on Taiwan.

⊕ Pbike

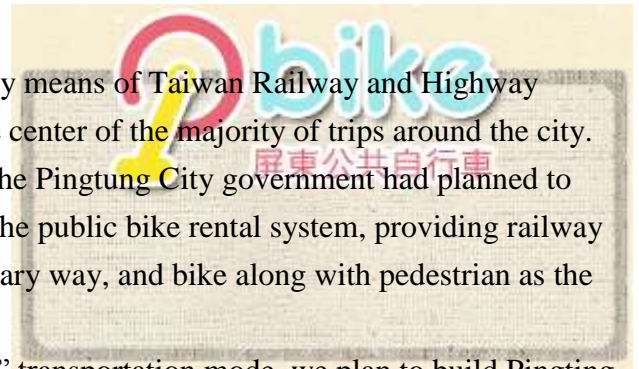

(source: http://pbike.pthg.gov.tw/About/aboutEn_01.aspx)

➤ About Pbike

The mass transportation of Pingtung City is mainly by means of Taiwan Railway and Highway Passenger Bus to Pingtung station. However, it is not the center of the majority of trips around the city. Therefore, to expand the public transportation services, the Pingtung City government had planned to adjust the routes of the city bus and combine them with the public bike rental system, providing railway and highway bus as the main way, city bus as the secondary way, and bike along with pedestrian as the final way of a public transit network service.

In view of this, in order to use bikes as the “last mile” transportation mode, we plan to build Pingtung City bike rental system, combined with other transfer transportations such as Taiwan Railway and Highway Passenger Bus, with different electronic tickets or credit cards. Besides satisfying daily transportation needs of Pingtung citizens, we also make all the efforts to turn bikes into a new tourist transportation when visiting Pingtung so as to make Pingtung a lower carbon city.

➤ Rental Steps

Introduction of NPTU

- 1. About NPTU*
- 2. Goals*
- 3. Campus Information*

1. About NPTU

National Pingtung University (NPTU) is located in Pingtung County, which seat of the southernmost of Taiwan's 19 counties. With a population of over 900,000, Pingtung is a bustling marketing and industrial center. Pingtung County is one of Taiwan's major zones of agricultural production, yielding rice and other produce enjoyed throughout the island. Pingtung has a justified reputation as a lush and prosperous region.

NPTU was established by the merging of National Pingtung University of Education and the National Pingtung Institute of Commerce on August 1, 2014. After being merged, NPTU has become a mix of normal, managerial, computer science, technological, and higher education within one university in Pingtung County. There are 5 academic / teaching colleges in the university as follows:

- College of Management
- College of Computer Sciences
- College of Education
- College of Liberal Arts and Social Sciences
- College of Computer Science

Besides, some administrative departments are also incorporated in NPTU.

2. Goals

(1.) Developmental and Educational Goals

National Pingtung University (NPTU) was founded on August 1, 2014, upon the official merger of National Pingtung University of Education and National Pingtung Institute of Commerce. NPTU is a comprehensive university advocating academic freedom that emphasizes holistic learning and concern. Due to such recent changes in the educational environment as the focus on developing a more global outlook both on campus and in society, the decreasing birth rate, and a shortage of talent, NPTU aims to prepare students by providing them with practical and professional skills, as well as the reasoning and holistic qualities to function competently in a global environment.

In our quest for excellence, NPTU actively pursues global academic and research trends in order to develop and achieve success in various professional fields. NPTU strives to build upon its forerunner schools' excellent traditions in humanities, art, business, management, science and education by combining industry, academia, research and local resources to form a teaching and research university that is both comprehensive and professional. The mission of NPTU is to persistently strive for innovation and excellence, pursue national and international academic trends, and to combine industry and academia with Taiwan's natural and social resources in order to develop a university with wide-ranging features that include business, management, information, education, humanities, and arts, to cultivate students with a view of global citizenship suitable for meeting the needs of society. In addition, by combining vocational and technological training with teacher and other higher education, NPTU integrates primary

and secondary education, and promotes vocational and technological education along with higher education and to develop multilayered talent.

(2.) Vision

Diversification and confluence in preparing elite professionals who strive for excellence in their drive toward globalization

(3.) Mission

Pursue excellence and ensure quality education and equal learning opportunity while enhancing teaching, researching and learning resources in order to equip personnel with social values, build a sustainable and healthy environment, and dedicate ourselves to social progress.

3. Campus Information

NPTU is divided into 4 campuses, the Linshen Campus is consisted of Colleges of Science, the department of Music, department of Visual Arts, a swimming pool and a student activity hall. The Minsheng Campus possesses the latest multi-administrative building, which is consisted of the administration and the library. The 14-story multi-administrative building is prosperously designed and multi-functional. There are also the latest auditorium and gymnasium at Minsheng Campus. College of Management and Library branch in Pingshang Campus. Moreover, three of them include beautiful park areas, athletic facilities, dormitories, classrooms. The fourth campus, Checheng Campus, is under construction.

- (2) Health Insurance

Student Accident Insurance (Optional)

Student insurance costs NT\$500 per month. Once covered under the plan, you may receive compensation if you are hospitalized, use outpatient services, or undergo an operation in the event of illness or accidental injury. Compensation must be claimed within two years of the accident or illness. To claim compensation, please go to Student Assistance Division.

National Health Insurance (NHI)

- Due to the regulation of NHI, only those who have already stayed in Taiwan for more than 6 months are eligible to join the NHI plan.

- Benefits of NHI:

You will be issued a Student NHI IC Card after you join the program. Your NHI IC card, along with Alien Resident Certificate, will allow you to seek covered medical services from NHI-affiliated hospitals and clinics. To avoid wasting of medical resources, you are responsible for the medical facility registration fee as well as other supplementary fees.
